EcoAdapt's [National Adaptation Forum](#) team would like to thank you for your interest in becoming a sponsor/collaborator for the Forum program. Sponsorship of the National Adaptation Forum (Forum), provides a unique and cost-effective opportunity to demonstrate your climate adaptation leadership while showcasing your organization, products, and services to an unparalleled community of adaptation practitioners. As a Forum sponsor, you are in good company. Every two years, the in-person Forum draws hundreds of participants from multiple levels of government, non-governmental organizations, community groups, academia and private industry. Additionally, *virtual* Forum series regularly gather a range of adaptation partners for knowledge exchange on timely adaptation topics. Whether in-person or virtual, Forum participants benefit from professional development and information sharing through innovative and comprehensive programming including virtual topic tracks, plenary sessions, symposia, working groups, training sessions, poster sessions, the CAKE Tools Café and networking.
